

The Village of *Dolgeville*

To: Village Board of Trustees

From: David Jaquay, DPW Superintendent

May 2024 Report

Work

Current

- Weekly Checks of Sewers
- Daily 811 Requests
- Checking Storm drains
- Continue cleaning Sewer Lines
- Weekly Metal Pick up
- Park Bench restoration
- Water Leaks throughout Village
- Finish North Main St

Water/Sewer

- Flushed Schuyler St-nothing found.
- Water leak in Middleville- Middleville's water Dept reached out to us to help them with a dig. We sent the excavator, truck and trailer and 2 guys.
- Installed drainage pipe on Timmerman St.
- Cleared Culverts at WTP
- Culvert repair on Stewart St along with ditching.
- Tracing lines on N. Helmer Ave to locate water valve to Kinney's. Found and installed riser on Kinney's valve. Assisted crew inside the building helping to avoid flooding and keep the business open.
- Fixed leaking fire hydrant Bonnet on North Main St.
- Emergency Hydrant Replacement on Lamberson St. At 0200 Hours, the Fire Dept was called out to a motor Vehicle accident. A Car "apparently" swerved to miss an animal, struck a street sign, became airborne and struck hydrant #61 shearing off the hydrant. As soon as the car was removed the valve was located. Due to the leak the light sediment made it impossible to locate the bonnet nut on the valve. A dig was called and crews were brought in. As soon as 811 cleared the dig, we exposed the hydrant broken off at the shoe. In the process residual pressure pushed the valve we had shut off, off its seat. This required a valve and hydrant replacement. We will be billing the

- Insurance company for all parts, pieces, hours, machinery and lost water.
- Ran traffic control for B&L.

Streets

- Checked conditions of all flags in parks.
- Placed a barrel light on S. Main St. Filled in the Manhole with millings and cold patched over the top.
- Cleaned State St. A haul truck dropped some of its load throughout the Village. I received a complaint.
- Cold patched the Culvert on Stewart St.
- 5/15 put flags in Village at half staff

Garage

- “09” Freightliner- multiple issues- need to consider replacement. Took off the Plow equipment.
- 3500- nothing new
- 12 Freightliner- has a front-end issue. We are investigating avenues of repair.
- 550- nothing new
- Roller- will be brought in to do repairs shortly
- Loader- nothing new
- Leaf Picker- no new issues
- Sewer Jet- no new issues

- Skid Steer- Worked on some light wiring for it to accept the new grader attachment.
- Excavator- still needs bushings in the bucket. Sent for repair, Ram was repaired and reinstalled. The remaining trac rollers were replaced, grease fitting checked and some replaced.
- Monthly Fuel Tank Check and inspections
- Snowman-Still has body and frontend issues.
- Back Hoe- no new issues
- Fuel tank Gauges- still waiting on gauges.
- Cable is still out, still an issue. Called Spectrum on multiple occasions. Apparently, cable at the garage was discontinued. It will need to be rectified by whoever deals with the cable. - Still out
- 60-inch Mower-no new issues
- Water cart- will be sourcing new tires. - working on.
- 71" mower- no new issues
- Garage cleaning is ongoing.
- Shared services with Manheim- they borrowed chipper- still out
- Shared Services with Oppenheim-hauling cold patch
- Shared services with State, sent trucks to help milling project on 331.
- Truck books- All updated
- Working on FCC Radio License-Ongoing
- OGS salt requirements for 24/25 are in.
- State Road permit has been sent.

- R33 permit for Violet Festival is completed with the exception of MOVAC and PD's letter. MOVAC was recontacted as of 4/10/24.
- Grader Attachment is in and installed.

Parks

- Greenway Trail- Nothing new
- Plowe Park- Mowing done
- Center Park- Contractors have been in working on basketball court. We flattened out a hump, seeded and put hay down.
- Little League Field- nothing new
- Beavers-Tricot- no new signs of beaver activity- Beavers have moved down stream to the end of Spofford Ave and they are building a dam just past our Culvert. We will be removing Beavers. I will look into the legalities and see what is needed for a permit.
- Helterline- Garbage's are back in all parks.
- Luther Park- Picked up debris from accident over the weekend. Can discuss- time permitting will get pricing on 2 poles and 1 bench.

North Main St

- All foundations are filled
- Keeping up with force logs
- Put together a North Main St book

- Hauling in material, filling in low spots and grading.
- All the houses are down.

To Do:
