Water Plant

- 1) Timber sale, Brian and I met with the Forester and the logger about the condition of the town road and the trail system.
 - 2) Second quarter Disinfection By Products was collected on 5/12/26 waiting on lab results.
 - 3) Leak survey was completed on Tuesday and Wednesday 12th and 13th see attached list.
 - 4) Continuing to clean and back flush filters as needed. Hoping longer back flushing times will improve filter performance.

 - 6) Water Meter, working with the team to help keep it moving forward.
